Annual Sports Day Postpaned to 15th Owing to the rain last Setur-y, it was necessary to post-one the sports program of the arquis Athletic Club until starday, June 15th

### U.F.A. Momination Convention

Genvention

One of the largest conventions ever held in the Little Bow Constituency was held on June 8th in Vulcan when Mr. O. I. McFherson was unanimously nominated as candidate for the U.F.A. at the coming election. Mr. Paul Fredricks was appointed chairman and Mr. Miller asted as secretary. After the usual routine of business Mr. McFherson was called upon to give an account of his stewardship. as the member of Little Bow. He gave a very comprehensive report of the fact passed six the last season, giving especial sitention to the Dightways act and Soil Drifting manner.

Musical numbers were great-reported by the season and evening essions. In the words may be season, line of the Bowley and pointed out many reaches and soil of the Bowley and pointed out many reaches as he saw them in the Bodal Ordit plan.

The Hop. J. F. Lymburn also gaves a very interesting and longing on the Bodal Ordit plan.

### Leaders And Critics

In the face of enormous difficulties, which are the direct outcome of the Great War and the aftermath of depression following that terrible of Great War and the aftermath of depression following that terrible control of the Great War and the aftermath of the pression following that terrible in history, recognized leaders of mon its all have followed the properties and prospertity. Man are breaking down because of the bordens of responsibility colly in the effect to serve their fellow countrymen and the world. In his almost superhuman struggle to maintain peace in Europe, and his authiring efforts to premote disarrament. Ramany MacDonald has his untiling efforts to premote disarrament. Ramany MacDonald has the premierchip are how tree.

In Canada, Hon. It: B. Bennet has for the veyers devoted his every waking moment to the duties and responsibilities of government. People divided responsibility to a fire greater extest with his calabite collesques instead of shouldering, so much of the burden hissaelf. But no one can say that an Prime Militater has not given himself whole-beartedly and enershale and the state of the sta

and followmen. Probably because the great mass of people have utilizative and verified Frobably because the great mass of people have utilizative and verified little consideration to the manifold and gigantic problems which leaders in government everywhere are endeavoring to solve. Rather, men in public life are the targets for all kinds of missiles of abuse and critician, and their calibre and by demagogies and agitators who take advantage of the pre-vailing situation to aftr up the unthinking masses for their own selfash and utherfor motives and designs.

task is made mush more difficult by the carping companies on mean or calibre and by demagagines and agliators who take advantage of the prevailing situation to aftr up the unthinking masses for their own seinah and Recently in a little known publication there appeared one of the type of articles which make's a sine man disgusted. The writer thereof urged people to read history. He declared that in every great crisis heretofore, and everywhere, a man had arisen to lead the way out, and he cited that more things, utterly regardless of what had been done before. He then added that at Ottawa know Neros, meaning Mr. Berinett and Mr. King, are adding while the economic capito burns. Surely, he says, after they years adding while the economic capito burns. Surely, he says, after they want and the penalty of forty years wapdering in the widerness.

The writer engals of the Christ. He was a time worth of all the penalty of forty years wapdering in the widerness.

The writer apsals of the Christ. He was the worth's greatest leader of all time. Yet the people of his day rejected him and demanded his death.

The writer cannessed by the period of the control of the contr

and remove accused of being a partition, and died at the shade of an assassin.

History applicated those teaders, and their names will live forever, but their day and generation they were despised and rejected by many, the objects of criticism and derision, and their work for humanity made difficult by the spite and hatred of other so-called leaders who played upon the light of the spite of t

emories of man. These leaders have made mightakes. Of fourse they have, because they burnan with all the limitations and frailities of human belogs. But many their mistakes were got of their own voilton, but were forced upon my by the acts of others, statier not so sincere and high minded or who might be the source of the state of their minded of who their contracts of their minded of who their contracts of t

In a Bow Valley League facture at Strathmore Saturday night the locals pounded out a 6-3 victory in a 7 inning game which was productive of some very good baseball. Ab Orellin pitching for Strathmore rose to the heights of glory in the first inning when with nobody out and the bases filled, he struck out two and forced the third to yout. Strathmore collected three runs in their half of the first inning but were unable to three runs in their half of the first laning but were unable to score thereafter. Percy Stull started Arrowood on their way to victory when he poled out a home run in the third aming. The locals collected two more runs to tie the score in the 5th inning when Jack Crellin took over the mound duties. A seventh inning relly metted Arrowwood three more runs, a margin which was not overcome.

Ernie Pitman pitched the en tire game for Arrowwood and had a great night striking out 8 and allowing but 4 scattered

### The 1935 Ford V-8

is acclaimed by everyone for its stunning beauty, iuxurious upholstering and smart appointments. Beneath shimmering beauty is (threater-like strength and safety—a weld-ed-into-one-piece solid steel body. The extremely strong X-type frame of last year has been further strengthened. The breaks are more powerful and operate with less pedal pressure. Big Air-Balloon tires give more road cantact and resist tire roll on fast corners. De Luxe models are equipped with Safety Glass all around—at no extra cost.

Our new SPECIAL WHITE GAS is a refin-ed product and is meeting with general ap-proval -- at a new low price.
